## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments with respect to claims 1, 3, 4, 6, 8 and 28 have been considered but are moot in view of the new ground(s) of rejection.

### ***Claim Rejections - 35 USC § 103***

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1, 3, 4, 6, 8 and 28 are rejected under 35 U.S.C. 103(a) as being unpatentable over Landi et al 5,840,400. The reference discloses the invention substantially as claimed, namely a sandwich panel comprising a permeable honeycomb core encased in an impermeable material that is bonded to the core and has an inlet therein; see the Abstract and Figure 3. However it does not disclose skin layers bonded to the panel or the use of adhesive as a bonding material. The reference does disclose placing the honeycomb panel between other layers, for example in a seat or vest; see Figure 6D and column 8, lines 21-26. It would have been obvious to one of ordinary skill in the art to bond additional layers to the outer surfaces of the honeycomb panel of the reference depending on the intended use of the panel. Concerning claim 28, the reference discloses bonding the core to the impermeable material, which suggests the use of adhesive in view of the definition of "bonding"- to secure with glue.

***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
